EMPEROR SENDS HIS LAST WORD

WILL NOT PAY ONE PENNY INDEMNITY

Ultimatum of Russian Ruler Communicated to President Roosevelt by Ambassador Meyer—War May Continue.

St. Petersburg, Aug. 26.—Ambassador Meyer to day communicated to President Roosevelt Emperor Nicholas' last word and his ultimatum which was that Russia will not pay one penny indemnity to Japan in any case whatsoever. Russia is ready to agree to a division of Sakhalin, Japan retaining that portion previously belonging to her, and Russia ready to pay for maintenance of her prisoners, but will make no other concessions in addition to those already made. If Japan does not accede to these terms peace is impossible and war will continue.

NO RIPTURE.

As indicated in these dispatches last night there was no rupture in the peace negotiations to day. Peace is by no means assured, but an important crisis has been averted, and the fact that the life of the conference has been prolonged adds materially to the chances of favorable issue.

According to the Russian vision it was Japan and not Russia which weakened this afternoon. Witte publicly announced after the sitting that it was Kormura who asked for adjournment until Monday in order to have time to submit a new proposition. Yet it is known that Witte has received instructions sent after the president's intercession at Peterhof through Ambassador Meyer to agree to division of Sakhalin and to permit liberal compensation for Russian prisoners of war and cessation of the Chinese eastern railroad, but to continue absolutely to refuse to pay war tribute under any guise.

This was described as Russia's "ultimatum," leaving over the same old question of money the stumbling block to the agreement. No adequate account of the proceedings at to-day's meeting is forthcoming. There were no minutes. There is no record, this in itself is extremely significant, and is considered a hopeful sign. Emperor Nicholas' response to Ambassador Meyer and his instructions to Witte are remarked as his last word so far as indemnity is concerned. The compromise by which Japan can secure a comparatively moderate sum of money is still open. Russia is willing to divide Sakhalin, Japan on Wednesday claimed the entire island by right of occupation, offering only to sell back the northern half at the price of the "cost of the war."

The elimination of the demand for the surrender of Russia's interned warships and limitation of Russia's sea power was conditional upon her acceptance of this proposition. Kormura and Takahira want time to consult their government before agreeing to yield further. For the first time there appears dissension in the Japanese camp to the advisability of making another conciliatory step. Many of the attaches are strongly of the opinion that they should not recede another inch. The most prominent of them said to night to the Associated Press:

"We only offered one-half of Sakhalin upon condition that we should receive for it the price we fixed. The island is ours by right of conquest. If Russia imagines we will give up half of it for nothing she is much mistaken. Our answer should be 'come and take it.'"

The main hope of peace rests upon the fact that both sides are at heart sincerely anxious to end the war, that all principles involved in the quarrel have been settled in favor of the victor and that with each day's prolongation of the negotiations the pressure on both sides will increase to allow the mere question of money to stand between them.

The medium of communication between Kaneko, who is acting for Japan in the four parlers with the president and the Japanese plenipotentiaries, has been discovered. It is the Japanese consul general, Uchida, at New York. After Kaneko's visit to Oyster Bay yesterday a long account of the interview was transmitted by telegraph in cipher to Kormura by Uchida.

EMPEROR'S RESPONSE.
Oyster Bay, Aug. 26.—Russia has refused finally to accede to President Roosevelt's propositions looking to an agreement of peace. Emperor Nicholas has communicated to the president through Ambassador Meyer at St. Petersburg his response to Roosevelt's latest suggestions. That response was received by the president to day. Its specific terms are not disclosed here. It is known, however, that Russia declines to pay to Japan an indemnity in any amount or in any form. Through Witte Russia has indicated her willingness to reimburse Japan for the care of Russian prisoners, and perhaps make some concessions regarding the Sakhalin island, but he insists not a dollar of indemnity will be paid. That Witte speaks by authority of his emperor there is no room for doubt, and it is surmised that the emperor has informed the president of

the nature of the instructions he has given his representatives at Paris mouth. LATEST NEWS.

Portsmouth, Aug. 26.—While the latest terms suggested by the president for an amicable adjustment of their differences between Japan and Russia are not disclosed, it is known they were framed on broad humanitarian lines and in the interest of the most enlightened civilization. It is permissible to say, in the words of an authority:

"If the civilized world could know at this time the precise nature of the propositions made to Russia and Japan by President Roosevelt it would seem that the force of public opinion, of the great neutral opinion of the world, would induce the plenipotentiaries and their governments to pause and consider seriously the results before breaking off finally the present conference without an agreement. Indeed, they might scarcely dare, in the face of the world's opinion, to refuse to accept, in principle, at least, the suggestion offered by the president."

St. Petersburg, Aug. 27.—2:34 a. m.—The curtain has been rung down on the St. Petersburg stage and the center of interest in peace negotiations have been transferred to Portsmouth. Emperor Nicholas, after carefully weighing the consequences of his act, has said his last word. Russia will make no financial contribution to Japan in any form whatsoever, and unless Japan accedes to President Roosevelt's efforts to effect a compromise between Russia and Japan his efforts will have proved unavailing.

The merican ambassador yesterday informed President Roosevelt of Russia's ultimatum. He agrees to cede half of Sakhalin and pay Japan for the maintenance of prisoners of war, but nothing more. Russia declares she would rather fight than pay an indemnity.

Saturday morning Meyer received his latest communication from the president and called on Foreign Minister Lamond. What final proposal was contained in President Roosevelt's communication it was impossible to learn accurately, but there is reason to believe it suggested a compromise on the basis of Russia paying Japan for Sakhalin. Russia's final answer was communicated to Ambassador Meyer, who at once informed the president. No stone was left unturned and no efforts spared here to secure agreement.

Every single obstacle save one standing in the way of the signing of the peace treaty at Portsmouth has been overcome. In the matter of a financial contribution the Russian answer was firm and persistent refusal; and there is excellent authority for the statement that if the Portsmouth negotiations fall it will be solely on the question of money. In his determination not to pay indemnity Emperor Nicholas believes he has all of Russia at his back, and there are many excellent reasons for believing this is so. If it is a fact that President Roosevelt's efforts to persuade Russia to effect a compromise have failed and Russia's attitude leaves practically no room to doubt that this is so, peace still depends upon Japan's foregoing an indemnity.

Portsmouth, N. H., Aug. 26.—Official statement: In the sitting of Aug. 26, the conference has proceeded to the signature of the protocol of the previous sitting. The next sitting will be held Monday, Aug. 28, at 3 in the afternoon. Witte made the following statement to the Associated Press regarding to day's session: "We approved and signed the minutes of the last session and at Baron Kormura's request adjourned until Monday, when Japan will have something to submit."

SHAW'S PREDICTIONS.

Chicago, Aug. 26.—The success of the peace negotiations at Portsmouth was predicted to day by Secretary Shaw. He discussed the peace negotiations unofficially from the most optimistic point of view and declared that he believed that the struggle between Japan and Russia would be brought to an end before that envoys left this country. He added: "I do not want to be understood as expressing an official opinion, for I am not in a position to do so. My opinion is based on information which has reached me and from a knowledge of the high character of the envoys of the warring nations and also on the belief that sentiment throughout the world is greatly in favor of peace."

TURNKEY IN JAIL

BOLD ROBBERY IN CHICAGO

JEWELRY STORE HELD UP IN DAYLIGHT

Robbers Secure Valuables, Drive Through Streets and Shoot at Pedestrians—One of the Robbers Caught.

Chicago, Aug. 26.—Three robbers, one of whom was afterwards captured, committed a daring robbery this afternoon in the jewelry store of C. W. Jones, 370 Wells street. They secured jewelry and about diamonds valued at several thousand dollars. The men went into the store and requested F. E. Lindahl, the clerk, to allow them to look at some diamonds. He laid a tray on the counter and as soon as he did so three revolvers were pointed at his head, and he was ordered to put up his hands. Lindahl complied, but edged over to an electric bell placed in the floor, for exactly such emergencies. Mrs. Mary Nelson heard the alarm, but instead of informing anybody of the fact there was trouble in the store she ran in to make a personal investigation. A revolver was promptly placed at her head, and she and the clerk were ordered to keep still on pain of instant death. The thieves then rushed out of the store carrying with them the tray of rings and diamonds and ran to a waiting buggy. With drawn revolvers they drove through the streets at a high rate of speed and fired several shots at pedestrians as they passed them.

A patrol wagon full of police was soon on their trail, and finding pursuit warm the robbers separated. One gave the name of W. L. Edwards, was found in a lumber yard, where he was attempting to hide. He admitted his guilt, but said he robbed the store by himself. He declared he would surrender a portion of the plunder if the police would allow him to go and get it. He was taken to the place under a guard and a number of rings and a few diamonds were recovered. A greater part of the booty, however, is in possession of the other two. Lindahl says to night that he was unable to give the exact value of the jewelry, but it was several thousand dollars.

Paris, Ill., Aug. 26.—The bank at Metcalfe, Ill., a private concern owned by John I. Gobin, closed its doors to day. Gobin left town yesterday.

OPTIMISTIC VIEW.

Washington, Aug. 26.—Consul Sammons of Nanchang, China, has sent to the state department a report in which he takes a very optimistic view of the boycott on American goods. He declares the strongest movement in favor of the boycott is to be found in Shanghai, where most of the goods are landed, but that only certain elements in the city, favor it, and leading merchants are firmly opposed and will force the anti-American agitators to discontinue soon.

FUTURITY WON BY ORMONDALE

EQUALS RECORD HUNG UP LAST YEAR

Winner of Race Belongs to California Stables—Purse Amounted to \$42,680—Crowd Numbered 35,000

Sheephead Bay, La., Aug. 26.—Ormondale won the futurity to day and equaled the record hung up last year by Artful, running the six furlongs in 1:45. Timber was second, only a nose in front of Belmore. The winner belongs to the Ormondale stables of California, owned chiefly by W. O. B. McDonough. All racing interest is held in the colt by Andrew Miller of this city.

Timber bore the colors of Harry Payne Whitney, while Belmore represented the well known trainer Fred Burlew. The race was one of the most spectacular in the history of the stake. The two year olds were a hard lot to handle at the post, but were sent away on pretty fair terms. The seventeen colts and fillies were all in bunch until the quarter pole had been passed. Then Jacobite showed in front and looked like a certain winner. His mastery was short lived. Ormondale was at his heels, with Timber and Belmore close behind. A furlong from home they rushed to the front with Timber gaining inch by inch in front. The son of Ormondale under the magnificent ride by Redfern never faltered until the last stride, when the Whitney colt showed a fine burst of speed, rushed past Belmore and would have won a few yards further on. The finish was a splendid one and aroused the big crowd intensely. The fast time was something of a surprise.

Ormondale was the favorite in the betting. At post time he carried an immense sum of the public's money, although Timber and Phil Flap, at 6 to 1 and 5 to 1, were heavily backed.

The futurity purse this year amounted to \$42,680, several thousands short of early estimates. The winner's share was \$23,680. To Whitney as owner of the second horse, 3,083 was awarded, and to Fred Burlew, owner of Belmore, \$2,316. To McDonough and Miller as breeders of the winner, an additional sum of \$2,000 was given; to James E. Madden, breeder of second and third horses, \$1,250 and \$500 awards were made.

The crowd numbered close to 35,000 people, but was by no means a record breaker. The weather was perfect, the rain of yesterday and last night having been succeeded during the forenoon by warmth and sunshine. The track was almost up to record quality. The summary:

The futurity, six furlongs—Ormondale (Whitney), 5 to 1; Timber (Hildebrand), 6 to 1, second; Belmore (W. Burlew), 2 to 1, third. Time, 1:45.

POLICE NEWS.

Five negroes who gave their names as William Saxton, Buck Henson, Ollie Bryant, J. W. Jones and Ollie Jackson, were arrested Saturday morning at about 6 o'clock by Captain Kennedy, Sergeant Owen and Patrolmen Margatroyd and Powers on suspicion of complicity in the murder of Joe Ricketts, the Pacific Express agent, who was found dead in Decatur Friday night. Three negroes were seen in the vicinity about the time of the murder, and were known to have left Decatur on a freight train. The Springfield authorities were notified to watch for the train and arrest the men, but the train had already passed that station before the message was received there, and it was sent on to this city. The local officers awaited the arrival of the train, and took from it the five men mentioned. They ranged in age from 20 to 30 years, and possessed but \$1.20 among them. They are being held in the calaboose pending word from Decatur, which had not yet been received at the hour of going to press. It is expected that three of them will be identified as the men who were seen in the vicinity of the murder Friday night.

J. W. Pickle was arrested at the Wash depot Saturday evening on a state's warrant. Pickle is wanted in Springfield and was arrested at the request of the Springfield authorities.

Chicago, Aug. 26.—Walter Egan to day defeated Clint E. Smoot and won the Glenview golf championship cup contest.

TENNIS CONTESTS

Good Playing by Walter P. Hayes of Toledo, Ohio.

Omaha, Neb., Aug. 26.—Walter P. Hayes, of Toledo, Iowa, won the middle west tennis championship by defeating Ralph F. Fletcher, of Galesburg, Ill., with whom he played a challenge round in singles this afternoon. Hayes' victory to day places him well among the fastest players of the country. Two weeks ago he won the state championship of Iowa, a week later he took the tri-state championship at Sioux City, and to day added another to his list of victories by winning the middle west cup. He will try for additional honors in the Cincinnati tournament next week.

Iowa divided honors with Illinois when representatives of the latter state, Sanderson and Fletcher, of Galesburg, won the final round and championship in doubles, from Peters and Snow, of Chicago.

Hayes disappointed his friends during the first three games of the first set by losing them with only a few points to his credit. He then braced himself and took five straight games from Fletcher. The Galesburg man returned the compliment by taking two, making it five in all. The next game to decide three times and from that time until the end of the set which ran 9-7, the two men re-sawed with the final always in doubt. Fletcher seemed to lose his head in the next two sets and often permitted easy balls to get away from him, sometimes almost without an attempt to return them. Hayes, on the contrary, went after everything, and took the next two sets.

STRUGGLE BEGINS

Contest on Between Employers and Printers for an Eight-Hour Day.

Chicago, Aug. 26.—Chicago to day became the center of the struggle of employing printers throughout the country against the International Typographical Union, to defeat the latter's attempt to secure an eight hour day. Open shop notices were posted in four large printing establishments, members of the Typothetae. Other members of the Typothetae will follow suit. Union officials say the first appearance of the non-union men in any Typothetae establishments will be the signal for a general walk out in every plant controlled by the master printers' organization.

MR. STEAD IS DEFIED.

Carlinville, Ill., Aug. 26.—George Craig, age 50 years, and Mrs. Etta McCull were united in marriage here today, notwithstanding the opinion of the attorney general that the law in reference to divorces is retroactive. Craig is a resident of Nokomis. He has been thrice married. Mrs. McCull is 30 years of age and secured a divorce June 13. When application was made for a marriage license it was at first refused, the attorney general having decided that no divorced person could marry for a year.

The county clerk called in an attorney, who held that the law was not retroactive, and that any person divorced before July 1 had a right to marry again. He accordingly issued a permit and the wedding took place. After receiving congratulations, the couple left for Nokomis, where they will make their future home.

LOST THEIR LIVES IN FIRE

MAN, WIFE AND CHILD BURNED IN HOTEL

Five Others More or Less Injured—Sixty Guests and Employees Escape—One Death at Erie, Pa.

Bedford, Me., Aug. 26.—Three persons lost their lives in a fire which destroyed the Marmora hotel at Lake Umbagog early to day.

Five other persons were injured. The dead: Mr. and Mrs. E. A. Martin and child, Boston.

Over sixty guests and employees escaped in night attire, many leaping from windows. The fire, it is supposed, was caused by a defective chimney.

ONE LIFE LOST.

Erie, Pa., Aug. 26.—Captain Patrick MacMahon of the yacht Mystic was burned to death and eighteen persons almost suffocated in a fire on the third floor of the Beck block early to day. When firemen arrived they found the occupants of the building asleep and almost dead from suffocation. It was with much difficulty they were finally gotten out of danger. MacMahon's body was partially burned. The fire started in MacMahon's room, probably caused by him leaving a lighted cigar stub on the floor when he retired. The monetary loss is small.

FAMINE REPORTS

Seville, Spain, Aug. 26.—Heartrending reports continue to reach the provincial authorities from outlying famine stricken districts. The mortality among infants and aged persons is attaining terrifying proportions and in many localities working people are living on roots. Moderate calculations show 200,000 are out of employment.

Cardinal Sancha, having exhausted available charitable funds, is going from house to house in Seville begging for contributions.

Count Romanones, minister of agriculture, has just concluded an exhaustive personal inquiry in the distressed districts. He journeyed from end to end of Andalusia and everywhere in the four provinces comprised therein he was confronted with pictures of desolation.

The only way to obtain pure ice is to take it from a lake of pure water. Freezing does not kill disease germs—it only delays their activity. After the ice melts they are as deadly as ever. Don't take just any brand of ice offered you—it's dangerous. Insist on pure ice.

Mrs. J. C. Dickerson, Former Resident of Jacksonville Committed Suicide in Louisville, Ky.—Parents' Notified Friday—Cause for Rash Act Unknown.

Mr. and Mrs. James F. Gaines, of Myrtle street, received word Friday night of the death by poisoning of their daughter, Mrs. J. C. Dickerson, at her home in Louisville, Ky. The poison was taken with suicidal intent Friday afternoon, and death resulted in a few moments. The telegram did not state the probable cause of the rash act. The remains will be sent to this city for interment.

Mrs. Dickerson's maiden name was Margaret M. Gaines. She was born April 1, 1882, and lived in this city until February of this year. She was an industrious girl, working at various places as a domestic, and was last employed by Mrs. Kate Robertson. She made good wages, and having accumulated quite a sum of money, left this city in February last for Springfield. She stayed there for some time and for a while her parents lost trace of her. When they next learned of her whereabouts she was married to J. C. Dickerson, and was living in Louisville. Since then she has corresponded with relatives quite frequently, her letters indicating that her husband had been ill in a hospital for a long time. Her last letter indicated that he was better, but her relatives believe that she had become despondent during the long illness of her husband, and in despair had taken her own life. She was possessed of a rather proud spirit, and it is not considered likely that she would have confided in her friends or relatives if such was the case.

Mrs. Dickerson is survived by her husband and one child, Ethel Marie, her parents, of this city; four sisters and three brothers as follows: Mrs. Lucy McCarroll of St. Louis; Mrs. Nell Finnegan of St. Louis; John, Will, Charles, Lilly and Ethel, at home.

The remains are expected to arrive in this city from Louisville some time today.

THE HAVANA SEWER

Work of Construction Is Being Rapidly Pushed by Contractor J. E. Dailey of this City.

When Contractor J. E. Dailey of Jacksonville proposed to tunnel through Donaldson's hill and construct Havana's new sewer, there were Havana people who prophesied failure or at least several bad accidents to the workmen.

Saturday morning, Aug. 19, at ten o'clock two crews of workmen, one digging from the east and one from the west met and the digging of the 787 foot tunnel had been completed without a single serious accident happening, fourteen weeks after the start including all delays.

The next task to be accomplished is the laying of the brick or building the sewer itself. Already the bricklayers are at work and in about four weeks will finish their part of the work. From the starting point at the intersection of Broadway and Adams' streets to a point half way to the first man-hole, east, the brick has been laid. Starting at this man-hole and working west the masons will complete that section. Beginning a little east of the second man-hole a second crew is nearly to the east end of the tunnel.

The little gasoline engine puffing away on the hill still runs the dynamo that furnishes the light for the workmen. Two brickmasons are working in each section and two more carry mortar and brick. The cement is poured down a spout at the ends of the tunnel and taken back into the tunnel on the miniature railroad used for hauling dirt to the entrance. The brick are also taken back to the masons in this manner and at the west man-hole are lowered by means of the derrick that was used to hoist the dirt to the surface.

The brick are laid on edge three deep as in the other sewers, the lower half of the circle being laid first and then the upper arch being completed with the use of the form. Each mason can lay about eight feet of sewer per day.

The curbing which was placed in the tunnel while digging is not removed but is left in place to insure safety.

The workmen receive good wages, have a cool working place and as they can see no real danger are satisfied.—Exchange.

REMEMBERED HIS BIRTHDAY.

When our book-loving friend, Mr. John H. Woods, came down to his desk at the city library a few mornings ago, he found it bright and glowing with a profusion of flowers and fruit and other tokens of friendly regard. To these were added during the day, many messages and reminders from far and near of those whose esteem and kindly interest are among his most cherished possessions. Although our friend is compelled to admit, rather reluctantly, that he is out of his teens, he still stoutly maintains that he will ever keep that youth of the heart which is perennial, and which makes the companionship of little folks especially his delight. In their sports and studies he is always ready to join, and to promote their highest welfare and happiness is his constant aim.

No one is more worthy to be remembered than the recipient of these tokens. His friendship for both the young and the old has always been keen and few persons in this community have extended the helping hand more often than Prof. John H. Woods. The Journal joins with a large list of friends in hoping that his birthdays may be legion.

Mothers wishing to send their children will apply to Mrs. David Reid, 235 West College avenue, chairman, or to Miss Anna Hopper, 641 South Diamond street. Last year there were more children to apply than could be accommodated for the early part of the year. If a sufficient number of mothers wish, a second room may be opened on the west side. Applications must be made at once, however, or the necessary preparations cannot be made. The kindergarten board of directors will meet in the public library Aug. 28, and all members are urged to be present.

MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. A. Obermeyer, City drug store.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain as long as possible one's youthful appearance.

It is impossible to do this without retaining a luxuriant growth of hair.

The presence of abundant hair while young and thrives on the roots of the hair until it causes total baldness. Newby's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as a powerful cure. Accept no substitutes—there is only one. Sold by leading druggists. Send 30c. in stamps for sample to The Herpicide Co., Detroit, Mich.

OLD PEOPLE AND THEIR TROUBLES

Old People have more of the pains, aches, and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and troubles that a younger, healthy constitution could resist often afflict them.

During the civil war I contracted Catarrh and suffered with its effects for many years. I tried various remedies and doctors, but with no good result. One day I found one of your pamphlets and read it carefully. I decided S. S. S. was the medicine I was in need of and I began its use at once. My health was greatly improved and as I was getting along in years, I had most of the pains and ailments incident to that time of life; but after taking this great remedy for awhile I began to improve and soon found myself a strong, well man. I am now more than 75 years of age, but my health is good, because I take an occasional bottle of S. S. S. Nothing equals it as a tonic and blood purifier, and I recommend it to those needing such a medicine.

Rheumatic pains, sleepless nights, fickle appetites, etc., are not imaginary with old people, as is sometimes thought. They need a medicine that will supply their blood with its lost vigor and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mineral ingredients. S. S. S. is gentle in its action, purifying the blood of all poisons and relieving old age of its discomforts by supplying a robust, healthy constitution. It is the greatest of all tonics for increasing the appetite, toning up the stomach, promoting the digestion and building up the entire system.

HOCKENHULL BUILDING,

WOMAN'S COLLEGE

Faculty Are Announced by President J. R. Harker—Miss Mary Johnson Will Have Charge of the Latin Department.

President Harker of the Woman's College has announced the appointment of Miss Mary Johnson, of Bloomington, Ind., as instructor in Latin at the Woman's College. Miss Johnson is the daughter of Dr. J. W. Johnson, professor of Latin in the Indiana University, and inherits her father's ability as a teacher and student. She graduated from the Indiana University in 1900 with the degree of A. B. with Latin as major and Greek as chief minor; in 1902 took the degree of A. M. in the same subject, and has since done graduate work in the summer school. She has taught Latin with much success in the Bloomington, Ind., high school and in the Indianapolis high school.

The appointment of Miss Deette Rolfe, of Urbana, Ill., as instructor in biology and chemistry is also announced. Miss Rolfe is a daughter of Professor Rolfe, professor of geology in the University of Illinois. She is a graduate of the university, having both the bachelor's and master's degrees in science, with chemistry and biology as her major subjects. She has taught these subjects in the Champaign and Decatur high schools with much success. By the selection of teachers of such marked ability in their special subjects the patrons of the Woman's College are assured of the highest grade of instruction.

A new teacher has also been secured for the department in voice. Miss Kreider will again be in charge of this department, this making her thirteenth year with the College of Music. For second teacher, Dr. Harker has secured Miss Iva Neal, Miss Neal has studied for several years at the Chicago Musical College and has had instruction with Mrs. Genevieve Clark Wilson and Carlton Hackett. She will be a valuable addition to the voice department and to Jacksonville musical circles. Miss Neal has received some excellent testimonials, some of which are given:

The Chicago Tribune says: "Miss Iva Neal revealed a contralto voice of unusual beauty and range. She sang, 'Dost Thou Know That Sweet Land?' One noticeable feature is her clear enunciation, which proved a source of enjoyment to all who heard her. Miss Neal has a brilliant future before her."

Miss Neal has done considerable violin work with Mrs. Wilson. At Monmouth she had the alto parts in the Messiah, displaying a beautiful contralto voice and singing the solos in a satisfactory manner.

Mrs. Wilson says of her: "Miss Neal has a fine voice, resonant and expressive and is a well equipped singer and good all around musician. She is sure to give satisfaction."

Mr. Hackett says: "Miss Neal studied voice with me for several seasons and is a most intelligent student. She has a fine voice, musical talent and a thorough understanding of the principles of good singing."

The Woman's College faculty now numbers 23 members and Dr. Harker says the outlook for the coming term is excellent and that the year promises to be the most prosperous in the history of the school.

LAW IS INTERPRETED.

A building and loan association has no warrant in law for a provision in its by-laws for the creation of an expense assessment on un-matured shares of stock. This is an interpretation placed upon the building and loan act by Attorney General Stead. A number of associations throughout the state are charging this expenses assessment, but such associations were established before the law required the approval of an association's by-laws by the attorney general's department. In response to a complaint against a drugist who has been selling adulterated witch hazel water, Attorney General Stead expressed the opinion that such an offender can not be prosecuted for the reason that witch hazel water is not mentioned in the latest edition of the United States Pharmacopoeia. It is understood, however, that this concoction is mentioned in the new Pharmacopoeia now in course of preparation.

Under the practice act of the last general assembly a person can practice before a justice of the peace without being admitted to the bar, but he must not hold himself out as an attorney-at-law, or he is liable to prosecution under the act.

When a member of a city council or a board of trustees acts as mayor or as president pro tem, says the attorney general, he may legally vote on any question before the council or board, or may cast the deciding vote in case of a tie.

When a city establishes a city park on ground adjoining a city, the attorney general says the common council of such city has the right to extend police regulations over such a park.

DEATH RECORD

Jasper Smith, son of Mr. and Mrs. William Smith of the vicinity of Arcadia, died at Passavant hospital Saturday morning at the age of 30 years. He suffered a fall from a load of hay recently, and his death was an indirect result of the injuries then received. He was employed at the County farm.

The deceased is survived by his parents; his wife and one child; three brothers, George, Albert and William; two sisters, Mrs. Edward Brunk and Mrs. Beecher. The funeral will be held Monday afternoon at 2 o'clock, in charge of Rev. Mr. Adams of Concord.

FUNERALS

MORGAN.

The funeral of Mrs. Fred R. Morgan was held at her late residence, 818 Edgemont street Saturday afternoon at 2 o'clock. There was a large gathering of sorrowing friends and relatives present to pay the last tribute of respect to one who was dearly beloved in life and who in death left behind the precious memory of a perfect Christian character.

The services were in charge of Dr. R. O. Post, pastor of the Congregational church. The music was in charge of a quartette composed of Mrs. H. K. Snyder, Miss Kate Rogers, Marcus A. Robinson and R. O. Post, Jr., who sang with deep feeling "Blessed Assurance" and "Asleep in Jesus." Miss Rogers also sang a solo "The Holy City" which was rendered in a beautiful and impressive manner. The services were simple in character and Dr. Post after reading appropriate passages of scripture spoke feelingly of the devoted Christian character of the life that had been brought so suddenly to a close. His words were full of comfort and tender consolation to the bereaved family. At the conclusion of the services at the house the remains were borne to Diamond Grove cemetery followed by a large funeral cortege. The body was tenderly laid to rest beneath a grave that was completely hidden by the many floral tokens, evidences of the sympathy and thoughtfulness of loving friends. Those who had charge of the flowers were Mrs. J. Allerton Palmer, Mrs. Charles H. Smith and Miss Georgia Fairbank.

The bearers were W. W. Carter, W. C. Carter, W. J. Moore, Harry S. Stevenson, J. P. Lippincott, W. T. Wilson, J. Allerton Palmer and H. H. Bauerfoot.

Among those who were present from out of the city to attend the funeral were Mr. and Mrs. Isaac Betts, parents of the deceased, W. H. Betts, and Grover C. Betts, brothers, and Mrs. W. H. Betts all of Salem, Ill., and Mrs. Morgan of Lafayette, Ind., mother of the bereaved husband.

RICHARDS.

The funeral of Miss Lillie Richards was conducted from the A. M. E. church Saturday afternoon at 3 o'clock, in charge of Rev. H. Lackey, assisted by Rev. J. D. Dorrick. Music was furnished by the church choir, and the flowers were in charge of Mrs. Tinsley.

At the conclusion of the church service the remains were borne to Jacksonville cemetery for interment. The active bearers were Robert Hyatt, Orval Tate, Walter Hill, Robert Lewis, Ora Moore and Chas. Hall. The honorary bearers were Misses Jessie Guthrie, Serena Herman, Zora Pierson, Gertrude Herman, Bessie Delley and Stella Wilson.

Wagner and His New Glove.
Here is a news item about the Pittsburg Nationals:

"The reckless and extravagant Hans Wagner has a new glove, the first he has purchased in seven years. Hans is a careful athlete to make one glove last that long. There is nothing left of his old one but the metal clasp and the backs of the fingers. In practice Hans showed off a bit with the new glove, and then hid it under the water keg. He won't play in the new glove for fear of soiling it. The glove is a very pretty mouse colored garment."

Major Daingerfield, Timber Topper.
Major Daingerfield, winner of more than \$100,000 in his five seasons on the turf, was sold out of P. J. Dwyer's racing stable recently to a western turfman, and it is understood is destined to end his career as a steeple-chaser. "The Major," as he is known about the race tracks, has gradually fallen from his high estate as a great handicap horse because of his unreliability and has recently been running in selling races. Occasionally he has won, but no turfman ever ventured to bid him up.

HEIR TO A FORTUNE

Miss Cora Barton of 214 East College Avenue Has Come Into Possession of Property Valued at Over \$10,000—Attorney G. L. Merrill Figures in Case.

It is said that fortune knocks at the door of everybody once, and it had certainly given a resounding rap at the door of a certain Jacksonville young lady. This young lady is Miss Cora Barton, of 214 East College avenue, and her fortune consists of an estate in Colorado valued at between twenty and thirty thousand dollars. Miss Barton and her mother, Mrs. Vine Barton, have been employed at the Talbott cafe, but resigned their positions Saturday, and will leave for Colorado Springs Wednesday. The estate comes to Miss Barton through her grandmother on her father's side. Her mother and father lived together but a short time, separating before the daughter was born. The family formerly lived in Colorado Springs and other cities in the west, but for the past fourteen years mother and daughter have made their home in this city. After her separation from her husband Mrs. Barton never saw him again, and he died in Colorado Springs about three years ago. After learning of the death of her husband Mrs. Barton went to Colorado Springs to see her aged mother-in-law, Mrs. Mary Jane Barton, who had been afflicted with total blindness for many years. The elder Mrs. Barton, however, was on her deathbed while the other was on the way, and died the morning she arrived at her destination, leaving no will. This was two years ago.

Mrs. Barton was uncertain as to whether her husband's mother possessed any property at the time of her death, but later learned from friends in Colorado Springs that she had some property. Upon her return to this city she put the matter in the hands of Attorney G. L. Merrill, who has prosecuted the case to a successful conclusion. It was found that the father of Mr. Barton, who died a number of years ago, left an estate valued at between forty and sixty thousand dollars, one-half of this amount, probably about twenty-five thousand dollars, became the property of the widow, according to the laws of the state of Colorado. It was also found that Miss Barton and her aunt, Mrs. Dell Robinson, of New York, (the only surviving child of the late Mrs. Barton), are the sole heirs to the estate, which will make the share of each between ten and fifteen thousand dollars.

Mrs. Barton and her daughter are naturally overjoyed at their good fortune. They have always been in rather close circumstances, the daughter having been formerly employed at the Park Hotel as a chambermaid, and the mother and daughter have both been employed recently at the Talbott cafe, the mother as a pastry cook and the daughter as a waitress.

SHERMAN IS
CANDIDATE

Lieutenant Governor Announces He Will Seek Seat in United States Senate.

A dispatch from St. Louis Friday night announced that Lieutenant Governor Sherman had, in an interview in that city, practically announced himself as a candidate for the United States senate to succeed Senator Cullum.

The lieutenant governor criticised both Senator Cullum and former governor Yates, it was said, and intimated that neither of them ought to be sent to the senate. The text of the

interview could not be obtained last night, but it was said to be a characteristic one. That Sherman would be a candidate was practically assured when the lieutenant governor brought about the nomination of James McKinney, of Aledo, as a candidate for congress in his district. This prevented either the Yates or Cullum men getting a foothold in the district.

GALA WEEK FORECASTED

EAGLES' JUBILEE AND AUTOMOBILE TOURNAMENT BEGINS MONDAY.

Parker Amusement Company Will Arrive This Afternoon—Special Features for Each Day—Queen Contest Ends Wednesday—Sacred Concert to Night.

This week ushers in the Eagles' Jubilee and Automobile tournament. The preliminaries have all been carefully looked after and the Parker Amusement company with their splendid list of attractions are expected to arrive from Peoria over the C. P. & St. L. at 1 o'clock this afternoon. The unloading will not begin until early Monday morning and the first exhibition will take place Monday evening.

The success of the Eagles' carnival last year and the high moral tone of the shows made the week one of great pleasure for all classes and as the same policy has been strictly adhered to by the management this year the jubilee should meet with hearty favor and patronage should be liberal.

The program of the week has been arranged with great care and there will be something doing every minute from daylight until midnight.

Monday will be opening day and by evening the square will be transformed into a gorgeous pageant and amid the glare and glitter of the gilded fronts under the myriads of electric

lights the scene will be a dazzling one.

Tuesday all paper carriers and messenger boys will be admitted to the attractions free and Wednesday will be known as Charity day. On this day fifty per cent of the receipts of all the shows will be divided equally between the hospitals and the Old People's Home. The voting on the contest for queen will be Wednesday night at ten o'clock. Voting at the stores will cease in the evening and there will be an open ballot (place to be announced later) until nine o'clock. From nine until ten o'clock there will be a silent ballot. The ballots will then be counted and the result announced.

Thursday will be another big day. The queen will be crowned in the Coliseum Thursday evening after the grand automobile parade, which will start at 7:30 o'clock. Autoists are expected from Springfield, Winchester, Whitehall and other nearby points and the fraternal organizations of the city have also been invited to participate in the parade.

Friday afternoon will witness a unique feature in the way of a baby show. The features of this contest will be announced later. Prizes of \$10, \$5, \$2.50 and free tickets to parents to all attractions will be offered for the first, second and third

awards and a fourth prize consisting of simply free tickets to parents of baby will be given. In this contest there will be three points considered in the marking: 25 per cent for the best decorated baby buggy, 25 per cent for best dressed baby and 50 per cent for prettiest baby. Saturday will be farmers' day.

The management have promised that everything connected with the jubilee will be conducted along high class lines and the entertainments offered will be strictly moral.

One of the amusement features will be Creation, a new production shown for the first time in this city. It is an electric scenic production of marvelous interest. Another feature will be the new Carry-Us-All, a new machine just shipped from Abilene, Kan.

There will be many free sensational features and among the most daring will be the loop the loop in a hollow ball by Dainty Demona.

The proprietor of the Parker

Amusement company has had a unique history. He was born in Griggsville, Ill., and has risen from the position of janitor in a court house to his present prominence in the amusement world in the space of fifteen years. He went west about fifteen years ago and settled in Abilene, Kan., and went into the merry-go-round business. He soon added a shooting gallery and one feature followed another until he now has four mammoth amusement companies on the road and owns a large manufacturing plant at Abilene where he manufactures many of his wagons and various parts of his superb equipment.

The week promises to be a gala one from every view point and it will be in order, commencing with Monday to come early and often and stay late to the Eagles' Jubilee and Automobile tournament.

The Parker Amusement companies band will give a sacred concert at Nichols park this evening from 7:30 until 9:30 o'clock under the direction of Prof. Horace Murphy. The program of this concert will be as follows:

RAILROAD NEWS NOTES

The excursion to Chicago over the Wabash was very well patronized Saturday, as 35 tickets were sold by the local office.

It was rumored some time ago that the Burlington has purchased the L. & M. road from the C. P. & St. L. The Alto now acknowledges that the road belongs to them and that they will soon commence running trains over it.

An extra C. P. & St. L. train arrived in the city Saturday evening composed of 162 "and over" cars. It was pulled by engine No. 152.

Coroner York of Lake county, Ohio, has tendered his verdict in connection with the wreck of the Twentieth Century Limited on the Lake Shore road at Mentor, on the night of June 21, which resulted in the death of a number of passengers. The coroner said the testimony was insufficient to hold any one guilty of criminal negligence. He added, however, that the testimony tended to show that the switch which caused the wreck was opened by an employee of the company. He mentioned no name in this connection.

DRIFTING STEAMER. Norfolk, Va., Aug. 26.—The French liner La Savoie, Cherbourg to New York, probably drifting about in the Gulf stream with a broken shaft, was off Cape Henry this afternoon, but was unable to come in because of a contrary gale and heavy sea and waiting for a return of the tug Nonpareil, which was compelled to abandon the big steamer last night and put in here for the harbor. La Savoie had no passengers aboard, but carries a crew numbering several hundred.

NEW MERCHANT TAILORING FIRM

Havenhill & Chambers have Opened First Class Establishment—Ladies' Department.

Havenhill & Chambers is the name of a new merchant tailoring firm that will be ready for business Monday morning. The location is No. 5, West Side of the square, and the wide acquaintance and long experience of the proprietors argues well for the success of the new firm. The firm will carry at all times a complete stock of the latest patterns in suitings, coat and vestings, overcoatings, trousers and fancy vestings of the very best domestic and foreign mills. The trimmings will be in keeping with the outer fabric and all goods turned out will have the stamp of first class workmanship.

The firm has also established a first class ladies tailoring department and will be prepared to make all garments worn by ladies from goods furnished by the firm or by the individual. Attention will also be given to the alteration and repairing of ladies' garments. In all classes of tailoring work prices will be reasonable, fit and workmanship considered.

Mr. H. M. Havenhill will continue the operation of the clothing and gent's furnishing store which he recently opened after so many years successful connection with the I. Rawlings clothing firm. He has had large experience in purchasing goods and knows the clothing business thoroughly.

Mr. George Chambers is a man experienced in the art of practical tailoring and his garments always bear the stamp of first class workmanship.

He has made many friends during his residence in the city and through his musical ability has been prominently connected with the Jeffries Concert band.

The new firm will begin business under the most favorable circum-

stances and should merit a liberal patronage.

THE AUCTION IS NOW ALL OVER

Bids Total \$67.03, Which Goes to Hospitals—Charles Degen High Man—Country Club Cigars on Sale by All Dealers Monday.

It is all over now. The first thousand Country Club cigars have been sold, and the hospitals of the city have been enriched to the extent of \$33.51 1-2 each. The result goes to show not only that people have confidence in the ability of the Jacksonville Cigar company, but that they also have a desire to aid a worthy enterprise at all times.

The highest bidder in this contest was Charles Degen, to whom was awarded the big cigar, in accordance with the previously announced conditions.

The Country Club cigars will be on sale on Monday at 5 cents straight, or \$2 a box. The successful bidders who have not received their goods may get them this morning at Ledford's book store, or they will be delivered to them Monday.

The winners and amounts bid were as follows:

Charles Degen	\$5.50
John E. Hayden	5.00
Fred Rosenfield, Detroit, Mich.	5.00
A. Russell	5.00
LaCrosse Lumber Co.	5.00

J. J. Kelly	2.05

Total \$67.03

The manufacturers of Country Club cigars are more than pleased with the results of their efforts. Of course the market value of the thousand cigars was only \$40, and the fact that the bids were run to a total of \$67.03 is an indication of the interest of the public in the plan, and their desire to aid the hospitals. Altogether, the contest was eminently satisfactory.

AT THE GRAND.

"Cherry Valley," a melo-drama in four acts was the attraction at the Grand Saturday evening. A small but enthusiastic audience was in attendance. Frank M. Readick as Henry Woodson a young fisherman, gave an excellent interpretation of his part as did the remainder of the cast. Special mention should be made of Clare Evans as Bill Bledso, the tramp, who delighted the audience with his specialty acting.

Wednesday night "The Little Homestead" will be staged by McCauley and Patton.
